

Gillingham Patients Participation Group

What is the PPG?

The PPG is a group of patients working voluntarily in partnership with the Gillingham Medical Practice, to enable the GP team to provide services that reflect what patients want and need.

What does the PPG hope to do?

- Provide a patient's point of view to the Practice.
- Build stronger patient–doctor partnerships.
- Enable patients to take more responsibility for their health and make informed decisions.

How will the PPG do this?

- By asking for your views or suggestions and feeding these back to the Practice.
- By providing information on our findings to the patients.
- By organising events and talks to interested groups.

How can you take part?

By joining the "Survey PPG" and contributing to the questionnaires and surveys sent out by email, or by offering suggestions to help improve any aspect of the Gillingham Medical Practice.

The PPG is not intended to be a forum for complaints made by individuals against the practice; these should be resolved using the practice's complaints procedures.

How do you join the "Survey PPG"?

Fill out the form opposite and return it to Reception at either The Barn or Peacemarsh surgeries.

Fill out the form on the PPG page on the Gillingham Medical Practice website and return it online.

Download the form from the PPG page on the Gillingham Medical Practice website, fill it out and return it to Reception at either The Barn or Peacemarsh surgeries.

New patients will be asked to join when they register with the Gillingham Medical Practice.
